	Services		°. ►													
	Hide Noteboo Hide Others Show All		НЖ НЖ <i>Г</i>													
	Quit Noteboo	ok	ЖQ													

2. Click on the "Interactive" tab on the left-side menu.

00	🖉 MimioStudio Preferences
Classroom Devices Ink Capture Interactive Language Notebook Recorder Software Update Vote	General   Use previous calibration.   Automatically enable when a device is detected.   Actions and Commands   Action: Stylus - Tip   Function: Default (Hardware Controlled)   Calibrate Enable Defaults

3. The "Action" pull-down menu lists up to eight buttons\* that you may individually program. Select an action you wish to customize. Then select the function you wish to assign to that action from the "Function" pull-down menu. Click "OK" or "APPLY" to save.

\* Seven buttons can be used with the Mimio Interactive Xi (3 stylus, 4 Xi bar). Four buttons can be used with the MimioTeach (3 stylus, 1 Teach bar)
