Participants will learn how to use the Tools to extend their lessons and get the most out of MimioStudio software. They will have the opportunity to practice their new skills during the session, and to consider ways they can apply what they've learned to their own teaching.

Participants will:

- Use Recognize Ink.
- Use the Text Tools.
- Use Mimio Recorder.
- Review Skills from Previous Sessions.
- Examine Further Training Resources.

During the session, participants will have the opportunity to ask questions and interact with the software. Participants who successfully complete the session will advance their Mimio skills and understand how to use MimioStudio software more effectively.

We encourage participants to attend additional sessions to maximize their abilities with Mimio products and bring their teaching into the 21st century!
